THE NGO WORLD FOUNDATION (TNWF)

MISSION

Live for others

VISION

To build the world we want to see by effective networking, promoting collaborations and creating models of social good

Concept

The NGO World Foundation has been established in 2009 as an organization clustering the Non-Governmental Organizations and their representatives willing to join hands in the field of social welfare, sustainable development and strengthening cooperation links within the sector. Since that we are involved in the number of projects aimed at strengthening networking, capacity building, awareness raising, humanitarian support, community development and promoting the collaboration between the NGOs.

The NGO World Foundation (abbreviated as TNW Foundation) is registered under The Societies Registration Act, 1860 (Act XXI of 1860) and from Pakistan with different accreditations including;

- ISO certified for Quality Management System Standards 9001:2015.

- Evaluated and Certified by PCP (Pakistan Center for Philanthropy)
- TAX exempted organization from FBR (Bar Code: 100000052611963).
- Signed MOU with Economic Affair Division (EAD) Government of Pakistan as an organization accepting the foreign funding.

TNWF join hands with public sector organizations, government functionaries, INGOs, UN and other key aid agencies besides drawing its strength from communities active involvement in need driven development process & community based interventions etc.

The organisation's work can be categorized in following four areas;

1. **Networking and Capacity Development initiatives for Impact**
2. **Programs and Projects for Sustainable Development**
3. **Relief and Rehabilitation of Disaster Hit Communities**
4. **Acts of Kindness and Social Support**

Since its establishment, TNWF took various initiatives of social good and succeeded in developing innovative community development

programs. These tested model programs can be replicated in changing the lives of poor and disadvantaged segments of the society.

OBJECTIVES

1. To be the first response unit in time of disaster and assist the government departments, rescue & aid agencies in times of any crises, organize disaster management training when and where required.
2. To initiate development programs/projects to eliminate poverty and uplift the target communities, bring prosperity by collaborating with the entrepreneurs, governmental, national/international organizations and philanthropists through natural resource management and capacity building.
3. To complement the government efforts of educating the nation by establishing educational (formal & Non-formal) facilities, providing required support to deserving talented students, mentoring and transfer of life skills to the students.
4. To take need-based initiative for girls and women so that they should become contributing members of their families and ultimately play an effective role in nation building.
5. To join hands with the government departments and other organizations to raise awareness among the community about climate and assistance in environmental conservation.
6. To conduct Social development activities and provide assistance to ultra-poor, persons with disabilities and underprivileged segments of the society without any relevance or regard to politics, caste, creed, color, race, and religion.
7. To unlock the youth potential by providing them career counseling, enhancing their capacity, engaging them in the development process and prepare them as a responsible & dignified citizen.
8. To make the social good/impact visible by sharing useful information/knowledge, strengthening networking among social/development actors, connecting professionals & community groups and replicating success stories.
9. To do research work, build the capacity and facilitate other social/development organizations, professionals and community groups to formulate policies for organizational development resulting in better service towards community development.
10. To adapt itself and create awareness among other development organizations & stakeholders on global development agenda by the government and UN.

ACCOUNTS & AUDITS

TNW Foundation maintains its books of accounts on double entry system in computerized software in auditable form. Foundation has developed various financial policies, systems and formats which help it in effective management of all its funds and maintaining a complete transparency in receipts

and payments at all levels. TNW Foundation gets its financial statements audited by the recognized chartered accountants firm having regular satisfactory QCR rating from Institute of Chartered Accountants of Pakistan (ICAP) on the completion of projects or at the end of each financial year.

GOVERNANCE

TNW Foundation is governed by its Board of Directors (BoD) also called Executive Body. The Board is the key policy making and governance body of the organization and works independently. It formulates and approves policies and organizational systems and evaluates the overall performance on periodic basis. The BoD consists of seven members

and is headed by its Chairman. The chairman of the organization is responsible for the overall management of the organization. He is supported by the advisors, program managers and team of coordinators / managers of different sections / programs and they jointly form a management structure of the organization.

INITIATIVES OF SOCIAL GOOD

TNWF AND GLOBAL GOALS

SDGs IN ACTION

The UN's 2030 Agenda for Sustainable Development, featuring the 17 Sustainable Development Goals was unanimously adopted by world leaders at a historic UN summit in September 2015. TNW believes civil society organizations play a vital role in providing basic services to communities that governments and the private sector are unable to reach. To achieve the UN's ambitious goals by 2030, civil society organizations must also be prepared for an active role in selecting success indicators.

PAKISTAN SDGs FORUM

25th September 2018: THE NGO WORLD organized a national event "Pakistan SDGs Forum 2018". It was to celebrate SDGs Day in Pakistan that is part of Global campaign to Localize SDGs. Representatives of Planning Commission Pakistan, Universities, Youth Groups and Civil Society organizations graced the forum.

TNW ensures to incorporate all programs activities and objectives linked with SDGs. TNW under this program also provides the opportunities to youth groups, NGOs and other stakeholders to build their capacities so that everyone can contribute towards the global goals.

SDGs MODEL VILLAGE

Keeping in mind the fact, achieving the SDGs to end hunger and extreme poverty by 2030 will depend crucially on developing rural areas in the poorest nations of the world, TNW has taken a practical initiative "SDGs Model Village". Through this initiative we plan to address some crucial issues, like financing productive investment, harnessing technology for agriculture transformation, promoting entrepreneurial rural economies and combining infrastructure investment that mainly impacts on productivity which subsequently creates enough livelihood activities in rural areas.

The goals of Converting Ghareeb Abad Village into SDGs Model Village will be achieved by increasing the attention in youth development through knowledge, skills and participation in development activation.

ZEST

Change Through Educaiton

The founder of The NGO World finds himself lucky enough to quench his thirst for knowledge from a thought-provoking personality Mr. ZakaUllah. The role-model personality as a teacher had a good impact on the heart and mind of the founder. To acknowledge his mentor he designed an educational support program on his name "ZakaUllah Educational Support & Training (ZEST)".

ZEST support includes;

1. Scholarship scheme for poor but talented students to help them continue their education till destiny while keeping their dignity unharmed.
2. A low-cost non-formal school system designed to teach out of school children up to primary level and facilitate them towards mainstream schooling by completing their primary education in only three years.

Through these support initiatives, ZEST aims to:

- Make education attractive for the poor and not to think to educate their kids a burden.
- Revive the education of students who had left schools or remained neglected in recent years.
- Complement the efforts of government & UN to enhance literacy rate among poor families and achieve SDGs 4.

So far more than 12,300 children have been supported by ZEST Non-formal Education Centers and Scholarships.

The VISION of ZEST program is to support the students in need by imparting quality education, transfer of life skills and tenable them to embrace practical life with full confidence.

- Reduce drop-out of poor students and improve their attendance ratio at schools.
- Motivate the teachers to become a role model to their students by delivering quality education.

Keeping in view the situation that Pakistan has the world's second-highest number of out-of-school children (OOSC) with an estimated 22.8 million children aged 5-16, generous likeminded philanthropists and donors must come forward to support ZEST to expand its circle of services.

Initiatives For Daughters

Women outnumber men in Pakistan and are a big human resource but the current plight of the country shows that we are lagging way behind to empower the bigger part of our society. The gateway to a collective development and individual success is only through education and income generation. Keeping in view the prevailing scenario RIDA program (Required Initiatives for Daughter's Access) was designed and launched in 2012 with the purpose to;

- Provide educational opportunities where there is no access to education.
- Raise awareness about personal development, social issues and life skills.
- Impart income-generating skills to women/girls in need, enabling them to sustain their livelihood

RIDA aims to encourage candidates aspiring to improve their lives with the vision that education and economic stability helps women earn a place for themselves in their downtrodden families.

“

Since 2012 RIDA has benefited over 15,500 girls/women through its facilities and awareness raising campaigns.

Women and girls are empowered when the opportunities are available to them without limitations and restrictions such as in education and profession and RIDA strives for this. RIDA needs the support of philanthropists and donors to expand the actions of raising the status of women through education, raising awareness, literacy, training and skills.

Actions For Climate

By designing and launching “MY Environment” program (Maintain Your Environment) TNW has taken the step to create professional relationships with the relevant government departments and organizations working on the environment to complement their efforts of environmental/agricultural conservation along with managing projects to address issues affecting the environment. “MY Environment” believes in sustainable living where more people live close to nature and eco-villages because this change is necessary in order to save our planet.

Under this program TNW make efforts with aim to raise awareness and inspire society to tackle environmental issues by conserving taking measures. Events, seminars and workshops are managed in coordination with government departments, corporations, educational institutions, NGOs and the general public.

By ensuring your participation and donation to the “MY Environment”, you are there for all our children and coming generations who face a collapsing world destroyed by greed and consumption. Join us and invest in building a sustainable model of life for us and the future generations.

“

Since 2017 TNW every year launches a plantation campaign with coordination of government departments. Thousands of plants have been planted so far in educational institutions and public places.

Prosperity with Dignity

A scheme/instrument i.e. - ethical alternative to poverty alleviation launched in 2012 with two main components;

- 1- Under a special kind of partnership, BARKAT provides the cattle (rabb-ul-maal) to the household level livestock Farmers (mudarib) as investment to improve their economic conditions through involvement in productive livestock activities. Both parties share profit and loss.
- 2- Under the Scheme, financial assistance is provided by way of Interest Free Loans with the aim to help the poor establish, or uplift their small scale businesses to support their living.

BARKAT keeps the strengths...

- Once started; It is self-SUSTAINABLE
- Develops a CHAIN of beneficiaries
- Equally beneficial for WOMEN
- COMPATIBLE with nature and values of rural communities
- Farmers ADOPT it as a noble profession
- Easy access to MARKET
- PROFITABLE business and hobby
- RECOVERY is 100%
- CLIMATE FRIENDLY (Natural resource)
- It can be started as SOCIAL ENTERPRISE
- Has potential for EXPANSION & REPLICATION
- Addresses various UN-Sustainable Development Goals-SDGs

Since 2012 every year families are given support to come out of poverty circle.

Unlocking Youth Potential

Youth form the backbone of every nation. The role of youth is of utmost importance in today's world. It has proved itself in the field of politics, trade, economy, societal uplift, and aesthetics. Young participation in every field determines the nation's course of development and prosperity. Youth are gifted with the spontaneity to recognize problems and can solve them in ways far more effective and innovative than the previous generation. Youth energy and motivation act as strong forces in social movements.

Pakistan is very lucky in terms of the youth population, approximately 60% of the total population. PATH is initiative of The NGO World Foundation meant to deal with the issues specifically related to youth. Targeting all between the ages of 15-29 years. PATH resolves to make them into socially and economically capable, responsible citizen, and dignified ambassadors of Pakistan.

Every year internees from various departments of different institutions participate in internship and volunteer in service programs. PATH team manages lectures and coaching sessions along with completing practical assignments.

PATH works for:

- Character development and ethical enrichment activities
- Mentoring and coaching sessions to impart life skills
- Sports, recreation and other activities promoting physical fitness and teamwork
- Youth social entrepreneurship and technological/vocational Skills

PATH message to youth;
"We all have many opportunities, but limited capacity to pursue them. Make choices, focus your time and energy, so that you can submit your share of masterpieces to the greater good."

- Engage Youth in civic participation and partners in decision making
- Orientation workshops on UN Sustainable development Goals with focus on role of youth

Space For Everyone

TNWF Community Centers (TNWFCC) are public locations where members of a community tend to gather for group activities, social support, public information, and other purposes. TNWF Community Centers are established and equipped to work as a potential institutional vehicle to address day to issues of the community be ensuring their participation. “TNWFCC acts as an institution within the community where society is directly involved in the development process. In different project areas, TNWF has introduced this concept as a solution to provide learning access to the community within their system. Through this concept, TNWF tries to cover the learning needs of children and adults in the same institution, which is cost-effective.

One of the key objectives of TNWF Community Center is to empower the undeserved communities. The TNWFCC provides lifelong learning opportunities to the community members including adults, women, youth, and children. It is a multi-functional platform to be used for basic and post-literacy, continuing education, skill training,, saving and income generation activities.

The role of TNWFCC is also based on arts, leisure and social activities in promoting adult well-being and healthy lifestyles. With support of philanthropists, TNWF plans to establish more community centers to promote lifelong learning in the country.

Institute of NGO Leadership & Management

There has always been a dire need to make this world a better place to live. All social and developmental initiatives on the part of governments on state level and non-governmental agencies on community levels are a self-evident pursuit in this regard. In developing countries like Pakistan, we don't see much heartening facts and figures when it comes to human development index. Having not so resourceful state machineries, the role of NGOs becomes far more critical in such countries to uplift the living standards and mitigate the miseries of its people. An increasing incidence of natural calamities and man-made disasters calls for incremental support from NGO sector to alleviate the unfavorable circumstances. An enhanced and augmented capacity on the part of these NGOs to brave these daunting challenges is inevitable in general and developing countries in particular.

INGOLAM (Institute of NGO Leadership & Management) is one of the core program of The NGO World Foundation. The institute is working on the development of organizational capacity & individuals of NGO sector. Since 2012, INGOLAM has delivered number of trainings on different areas of need of NGO sector including social mobilization, project proposal development, fundraising, use of social media,

The NGO World Foundation has signed an MOU with the Statistical, Economic and Social Research and Training Centre for Islamic Countries (SESRC). Both organizations agreed to take collaborative actions to build capacity of NGOs from OIC member countries, conduct research and manage events to strengthen professional networking among nonprofits and related departments.

poverty alleviation, project management, youth social entrepreneurship, disaster management etc. Services of quality & seasoned trainers/ facilitators are available to INGOLAM who has capacity to strengthen the organizations and groom the professionals to enhance their output for ultimate benefit of their target communities.

GIFT

Giving to Deliver Smiles

By sharing gifts, TNW tries to keep its tradition alive and brings a meaningful difference in the lives of the deprived and the downtrodden sections of the society by giving them a glimmer of hope and a reason to smile. The GIFT program is designed to spread smiles by sharing gifts of food packs, clothes, toys, bicycles, uniforms, stationery, school bags, qurbani meat and many other items of basic need for the deserving segments preferably orphans, widows and very poor families.

Keeping in with such earnest examples of humanitarian services, TNWF has been doing acts of kindness under its GIFT program since 2010. This noble task is only made possible due to the successful collaboration between TNWF and its partner donor organizations and generous support of philanthropists. During the holy month of Ramadan and occasion of Eid-ul- Adha every year TNWF delivers smiles by hosting Ramadan Iftars & distributing food packs and sacrificial meat packages.

Donations make a real difference to the lives of families living in poverty. We always invite philanthropists and donors to join us the GIFT program to deliver smiles on the faces of people in need.

GIFTs have been shared with more than 249,000 poor families since 2010.

RESPONSE

To Lessen The Suffering

In a world torn by selfish motives, conflicts, hostilities, disasters, pain, and misery, we rarely come across true compassion that is the driving force behind our RESPONSE program. Irrespective of caste, creed or religion, our selfless and hardworking team members remain engaged to lessen the sufferings of disaster hit people.

RESPONSE was launched to reach the victims of the devastating floods 2010 in Southern Punjab and continued its activities during earthquake 2015 in Khyber Province, 2009 in Mirpur AJK and COVID19 outbreak 2020.

The RESPONSE program has long list of relief and rehabilitation services including construction of sehleters, provision of WASH facilities, rehabilitation of education facilities, restoration of livelihood, psycho social care, free medical camps and capacity building workshops on DRR and related aspects.

- **12,000 food packs, cooked food & NFI distributed**
- **Rebuilding carpet weaving sheds for 400 families**
- **Installation of 1000 biosand water filters**
- **Rehabilitation of 660 feeder schools**
- **Provision of school accessories to 1,225 students**
- **130 one and two room permanent shelters were constructed**
- **300 fodder seed were distributed among flood affected farmers**
- **750 wheat floor distributed**
- **Provision of livelihood**
- **2 mosques were constructed**
- **2,144 free cataract surgeries with provision of glasses and lenses**
- **730 free medical camps**
- **650 cases of psychosocial care**
- **Free ambulance service**
- **Water for Thar project**
- **20 cash for work**
- **2,965 Covid-19 response and awareness**
- **2,000 mosquitoes net & blankets distributed**
- **100 tents distributed**

WORLD NGO DAY

Goodwill Ambassador of the World NGO Day in Pakistan Mr. Zafar Iqbal has been organizing events of celebration since 2014. Through these events he has provided an effective platform to a big number of NGOs and NGO workers to strengthen networking and knowledge sharing. His continuous efforts have been acknowledged at international level and awarded an international honorary medal on the World NGO Day 2020, in recognition of his outstanding work in the civil society and NGO sector.

World NGO Day is an international calendar day annually observed on 27 February with aim to inspire people to become more actively involved within NGOs and encourage a greater symbiosis between NGOs and both the public and private sector. The universal concept of the World NGO Day is Celebrate, Commemorate and Collaborate the various NGOs around the world, and the people behind them.

International secretariat of “World NGO Day” announced Mr. Zafar Iqbal, Founder of “The NGO World” as Honorary Goodwill Ambassador to the “World NGO Day” in Pakistan. He took the opportunity to celebrate the day for the first time ever in Pakistan in 2014. Since then every year different events have been organized every year with purpose to provide a platform for the Social/NGO Sector of Pakistan to network and learn for the greater good.

The main events of The World NGO Day Pakistan are:

Conference “Social Good Pakistan”.

Qualified and seasoned speakers, trainers, activists and researchers from NGOs and Government departments threw light on

the theme of the event with the purpose of knowledge sharing of the sector ultimately contributing towards social good.

Exhibition of Innovative Projects by NGOs:

On the day of NGOs, THE NGO WORLD provided opportunity to Non-Governmental Organizations to showcase their exceptional work. Exhibitors displayed their Brochures, Models, Pictures, Banners, Posters, Flyers, Equipment, Books and other related material etc. A big number of community visited stalls established by NGOs coming from different parts of Pakistan.

Seminar on UN-Sustainable Development Goals – The Role of NGOs:

The event provided opportunity to; understand the global landscape of the 17 Sustainable Development Goals and what that means for NGOs working on the local level? How the non-profit sector is implementing the SDGs as part of their core existing programmatic areas?

SWERA AWARDS

Social Work Encouragement Recognition & Appreciation

The NGO World took initiative to celebrate the valuable work done for humanity. For this, since 2014, SWERA Awards were honored to individual social workers, organizations and departments.

Specific criteria and elements of the SWERA Awards are as follows:

1. **Social Work Ethics:** Promotion and demonstration of the core values and behaviors set out in the field social work.
2. **Making a Difference:** Does the nomination provide evidence that the project or programme was having a tangible effect and making difference in the lives of beneficiaries?
3. **Networking for Social Good:** Has the nominee introduced effective joint-working arrangements that bring together colleagues from multiple teams, departments or other internal or external organizations?
4. **Sustainability:** Will the initiative/practice described leave a lasting legacy and can it be replicated by other actors in their respective areas?
5. **Inclusion:** Has the nominee been inclusive, engaging the individual strengths, talents and experiences of teams and considered all groups of society or stakeholders in providing social services?

The aim of SWERA Award is to celebrate and promote inspirational stories of social work executed by individual social workers or organizations/departments.

6. **Innovative:** Has the nominee used innovative approaches and made the best use of the technology available?
7. **Children's Social Worker:** if someone have made a positive difference to the lives of children through their outstanding work.
8. **Student Social Worker:** open to all university students studying social work who are showing outstanding potential in their studies. They will be able to demonstrate how they have surpassed expectations and have a thorough understanding of social work theory and practice.
9. **UN-SDGs:** are you as an individual or organization taking actions to help achieve the United Nation Sustainable development Goals?
10. **Made the Pakistan Proud:** If you are working diligently to promote a pro-Pakistan image around the globe and your efforts determine the quality of the social change that we all desire to manifest in Pakistan?

PARTNERSHIPS

Partnerships are the heart-line of TNW Foundation. The Foundation refers as “PARTNERS” to all those individuals, communities, and organizations and departments which join hands for extending program interventions. Beneficiary community, the line departments, national and international donors, the provincial governments, and other key stakeholders from civil society are the best examples of TNW Foundation’s Partners. These partnerships help organization

(financially and technically) to achieve its mission. Since its establishment in year 2010, TNW Foundation has remained privileged in getting the opportunity to work with a number of diverse partners who not only extended financial support for various projects, but also adequately built the capacity of the organization from different perspectives. TNW Foundation greatly values and acknowledges the support of its partners who provided their great support to TNW for its previous and current projects.
